

Third – Party Fundraising Events to Benefit Five Acres

We appreciate the generosity of third-party merchants and individuals who conduct fundraisers and other special events to raise money for Five Acres.

There are a few guidelines to consider when planning events of this kind:

1. To assure consistency with agency messaging, Five Acres must approve all marketing materials that are used for events, promotions or partnerships that benefit the agency.

2. Resulting donations are welcome to be sent to Five Acres or hand-delivered to the Five Acres campus. We are not able to schedule board or staff members to come to your facility, although they are grateful to you for your generous gift.

3. Please realize that it may not be possible for staff or board members to be there, but we appreciate the invitation to attend or participate in your event.

4. In order to help us maintain accurate records, please send or deliver the donation amount within 30 days of the event or after the promotion ends.
