Corporate Opportunities

about five acres

Five Acres was founded in 1888 on the conviction that every child deserves a safe, loving and permanent family. As one of LA's oldest nonprofits, today we strengthen kids and families through community-based mental health care, foster care and adoption services.

Become a leader in corporate responsibility
Build awareness for your brand
Change children's lives for the better

Partner with Five Acres to enrich the lives of your employees as well as children living in foster care! By volunteering with us, your corporate team will build key strengths, increase company pride and make meaningful community connections.

Ways your company can get involved

Sponsor a Fundraising Event

Leverage your connections to raise critical funds to support foster youth and families in crisis.

Sponsor a Youth Event

From picnics to sports clinics to something directly related to your brand, the possibilities are endless.

Service Day

Up to 80 foster youth live at Five Acres. Spend a day helping our facilities team keep our campus clean and safe for our kids.

Sponsor a Life-Skills/Enrichment Series

Foster youth often lack opportunities to build enriching life-skills and interests. Use your brand's expertise to teach a series on art, financial literacy, music and more!

Support Five Acres Events

Event volunteers are a huge help at major events like our gala, golf tournament and holiday toy drive!
